

Anti-Slavery and Human Trafficking Statement

This statement is made pursuant to Section 54(1) of the Modern Slavery Act 2015 and constitutes our business' slavery and human trafficking statement for financial year 2020/2021.

Slavery and human trafficking are heinous crimes which still occur in our modern society today. CCS Media believes all people should be treated with dignity and respect and therefore we have a responsibility to manage anti-slavery and human trafficking risks in our business and in our supply chain.

Organisation's Structure:

CCS Media is a Value-Added Reseller (VAR) in the IT Industry, operating in the UK & Ireland. We provide IT Goods and Services to the private and public sector markets.

Our Business:

We have over five hundred employees working in our organisation, all of whom are permanent and work in the UK. All our staff are involved in the provision of IT Goods and Services.

Since our 2019 statement, our business strategy now includes a Compliance Department, responsible for the management of modern slavery risk.

Our Supply Chain:

CCS Media's suppliers are predominately made up of large global Original Equipment Manufacturers (OEMs) and accredited UK & global Distributors. New subcontractors are assessed via a Sub-Contractor Vetting Procedure prior to being accepted as a preferred supplier.

CCS Media's business model and location presence lends itself to being deemed low risk in the Global Slavery Index.
