

Product Brochure

Welcome To Hyper

Now, more than ever, you need the tech tools to streamline your productivity and optimise your performance.

It's time to worry less and connect more with Hyper.

*The NPD Group/Retail Tracking Service, U.S., Annual 2021.

The Targus House of Brands

Working Together to
help grow your business

We're committed to quality

As part of the Targus family of brands, every Hyper product is responsibly sourced and designed to be reliable, safe and functional.

We're relentless with innovation

We're fast to market, with a long history of world-first designs. This allows us to fill gaps in the industry with elegant tech solutions.

Why Hyper?

We're devoted to your success

Insightful marketing materials and product information leads to happier and more knowledgeable customers.

With Hyper, you'll get:

- A dedicated product and information hub (AMP) •
- Detailed product recommenders •
- Engaging and dynamic marketing content •

We pride ourselves on customer satisfaction

Our skilled team of customer support specialists provide solutions to solve your customer problems faster.

Our Awards & Innovations

We pride ourselves deeply on designing the most premium, Apple-centric connectivity and power solutions that enable all creatives, IT professionals and business people to GET MORE™ out of everyday life.

Hubs & Docks

for MacBook, iPad Pro & iMac

2 in 5 MacBook users (44%) **have a Hub or Dock** as part of their desk set-up.

HYPERDRIVE

Benefits of Form-fit Hubs

Add more ports

Current MacBook models only have nothing but 2-4 USB-C ports. Hyper hubs bring back all the essential ports in the smallest form factor possible.

Ultra-portable

So light and compact that you sometimes forget that it's there. Easy to carry for business travel and for hybrid home/ office work.

Designed for Apple

Apple users want a seamless experience and appreciate accessories that have the same look and feel as their Apple devices with matching color, design and build materials.

Extended monitor support

Enables increased productivity with multi monitor support on most models.

Pass-through charging

Charge your devices with up to 100 W PD charging.

Memory card support

Expand your storage capabilities with high-speed SD / MicroSD card slots.

No drivers needed

No need to install drivers or software. Plug in and start using immediately without need for IT support.

MacBook case compatible

HyperDrive DUO has a removable magnetic grip that allows for a secure fit with or without cases.

Universal connectivity

Compatible with USB-C PCs, Chromebooks™, tablets and MacBooks

World's most crowdfunded

Faster 10 Gbps USB transfer speed
SRP: £17.99 | €19.99 SKU: HD425D

HYPERDRIVE 14-Port USB-C Docking Station

The world's first and most powerful docking station certified
Works with Chromebook™

FEATURES

- + Automatic OTA firmware updates via ChromeOS® for the most optimised and secure connectivity
- + The ultimate enterprise connectivity solution with 14 powerful port selections
- + Supports an independent external monitor with up to 4K resolution and fast 60 Hz refresh rate
- + Supports 4K 30 Hz triple independent external monitor support or 4K 60 Hz dual independent external monitor support
- + Charge while you work with 65 W USB-C Power Delivery
- + Standard Kensington® Security Slot (compatible with Targus® ASP 9 series universal locks)
- + Mountable with optional vertical stand and VESA mounts
- + Universal compatibility with all USB-C devices

COMPATIBILITY

- + Chromebook™, Windows® PC, MacBook

PORTS

- + USB-C Upstream PD 65 W (Thunderbolt™ compatible)
- + 2 x HDMI 4K 60 Hz
- + 2 x DisplayPort 1.4++ 4K 60 Hz
- + USB-C 4K 60 Hz 10 Gbps
- + USB-C 10 Gbps
- + 3 x USB-A 10 Gbps
- + 2 x USB-A 480 Mbps
- + Gigabit Ethernet
- + 3.5 mm Audio Jack
- + DC-in 135 W

OPTIONAL

- + VESA Mount Bracket

SKU CODE | COLOUR

- + HD-GD1000 – Space Grey

HYPERDRIVE 5-in-1 USB-C Hub

Enables one USB-C port to connect to your monitor, peripherals and storage devices

FEATURES

- + Automatic OTA firmware updates via ChromeOS® for the most optimised and secure connectivity
- + Experience high-resolution 4K 60 Hz video on HDMI displays with 2x refresh rate for faster, smoother video
- + Turns a single USB-C port into 5 essential connections for most users
- + Gigabit Ethernet enables high speed 1 Gbps connection to local area networks for a fast and reliable network connection
- + Two USB-A ports with transfer speeds up to 5 Gbps to transfer data and files quickly
- + Stay charged while you work with 100 W USB-C Power Delivery pass-through and 86 W to host device
- + Premium aluminium enclosure for improved heat dissipation
- + No need for an external power source. Powered through the USB BUS on your Chromebook™
- + Universal compatibility with all USB-C devices

PORTS

- + HDMI 4K 60 Hz
- + USB-A 5 Gbps x2
- + USB-C PD 100 W
- + Gigabit Ethernet
