The Samsung Galaxy Z Flip5 is the most impressive flip phone yet—letting you do more whether it's open or closed. With a larger Flex Window cover screen, you get added functionality with incredible style. The Flex Window is customisable, meaning you can add your own sense of taste and flair. Plus, there's space to read and reply to messages, check your diary, emails, weather and more. When you do flip it open, the 6.7" display with Flex Mode helps you work across apps with confidence.
