

AV + Collaboration

7 reasons to speak UP and upgrade to Speak2

Upgrade to the hybrid-ready-for anything Speak2, Jabra's incredible next generation professional speakerphones with never-seen-before features.

Upgraded Sound

New Super-wideband audio captures more of their natural voice levels for a dramatically more powerful audio experience

1

2

Upgraded Calls

Full duplex calls & 4 noise-cancelling microphones with the latest algorithms keep the conversation flowing in even the loudest environments

Upgraded Concentration

Bigger speakers deliver a more immersive music experience, for instant in-the-zone listening

3

4

Upgraded Meetings

New Microphone Quality Indicator & Voice Level Normalisation features ensure they come across loud and clear on every call

Upgraded Connectivity

With USB A, USB C, wired, and Bluetooth connectivity options for futureproof device compatibility

5

6

Upgraded Compatibility

Get a better platform experience with devices certified to work with all leading virtual meeting platforms including Microsoft Teams, Zoom, and Zoom Rooms

Upgraded Look

Jabra's iconic 'puck' design has had a hybrid-ready makeover, using up to 50% more sustainable materials* and increasing durability with IP64-rated dust and water protection.

7

*Speak2 55 and 40 are made using 50% sustainable materials.
Speak2 75 is made using 33% sustainable materials

Change it UP

Say yes to success, with an upgrade to the next generation of world-class professional audio devices
